ELSEVIER

Journal of the Autonomic Nervous System 54 (1995) 261–263

Journal of the
Autonomic
Nervous
System

Author Index

Abassi, Z., see Wolfovitz, E. (54) 104
Anderson, C., see Marley, P.D. (54) 184

Bachoo, M., see Stein, R. (54) 49
Bray, L.A., see Kruse, M.N. (54) 215
Brooks, P.A. and Glaum, S.R.
GABA$_B$ receptors modulate a tetanus-induced sustained potentiation of monosynaptic inhibitory transmission in the rat nucleus tractus solitarii in vitro (54) 16
Brunsting, J.R., see Roossien, A. (54) 1
Buntzen, S., Nordgren, S., Delbro, D. and Hultén, L.
Reflex interaction from the urinary bladder and the rectum on anal motility in the cat (54) 33

Chatani, F., see Sato, K. (54) 235
Chen, Q.-h., see Morita, H. (54) 9
Cuche, J.-L., see Dong, W.-X. (54) 41

Dabiré, H., see Dong, W.-X. (54) 41
Danbara, A., see Iwase, S. (54) 206
Davis, G. and Johns, E.J.
Renal sympathetic nerve responses to somato-sensory nerve stimulation in normotensive rats (54) 59
De Groat, W.C., see Kruse, M.N. (54) 215
Delbro, D., see Buntzen, S. (54) 33
Dong, W.-X., Schneider, J., Dabiré, H., Safar, M. and Cuche, J.-L.
Neuronal metabolism of catecholamines in pithed and electrically stimulated rats (54) 41

Elia, M., see Kurpad, A. (54) 163

Frolkis, M.V., see Korkushko, O.V. (54) 27
Fujita, H., see Itoh, H. (54) 155

Gavriysky, V.S.
Human pupillary light reflex during and after two-fold Valsalva maneuver (54) 247
Glaum, S.R., see Brooks, P.A. (54) 16
Goldstein, D.S., see Wolfovitz, E. (54) 104
Grimes, P.A., Mokashi, A., Stone, R.A. and Lahiri, S.
Nitric oxide synthase in autonomic innervation of the cat carotid body (54) 80

Hayano, J., see Inoue, K. (54) 225
Houdeau, E., Prud'homme, M.-J., Rousseau, A. and Rousseau, J.-P.
Distribution of noradrenergic neurons in the female rat pelvic plexus and involvement in the genital tract innervation (54) 113
Hori, T., see Niijima, A. (54) 137
Hosomi, H., see Morita, H. (54) 9
Hultén, L., see Buntzen, S. (54) 33

Ichijo, T., see Niijima, A. (54) 137
Inoue, K., Ogata, H., Hayano, J., Miyake, S., Kamada, T., Kuno, M. and Kumashiro, M.
Assessment of autonomic function in traumatic quadriplegic and paraplegic patients by spectral analysis of heart rate variability (54) 225
Ishihara, S., see Iwase, S. (54) 206
Itoh, H., Takeda, K., Nakamura, K., Fujita, H., Uchida, A., Kuwahara, T., Takenaka, K., Tanaka, M., Nakata, T., Sasaki, S. and Nakagawa, M.
Young borderline hypertensives are hyperreactive to mental arithmetic stress: spectral analysis of R-R intervals (54) 155
Iwase, S., Matsukawa, T., Ishihara, S., Tanaka, A., Tanabe, K., Danbara, A., Matsuo, M., Sugiyama, Y. and Mano, T.
Effect of oral ethanol intake on muscle sympathetic nerve activity and cardiovascular functions in humans (54) 206

Jakuš, J., see Miller, A.D. (54) 253
Johns, E.J., see Davis, G. (54) 59
Jurzak, M., see Sann, H. (54) 195

Kamada, T., see Inoue, K. (54) 225
Katafuchi, T., see Niijima, A. (54) 137
Keränen, U., Vanhatalo, S., Kiviluoto, T., Kivilaakso, E. and Soinila, S.
Co-localization of NADPH diaphorase reactivity and vasoactive intestinal polypeptide in human colon (54) 177
Khan, K., see Kurpad, A. (54) 163
Kivilaakso, E., see Keränen, U. (54) 177
Kiviluoto, T., see Keränen, U. (54) 177
Kopin, I.J., see Wolfovitz, E. (54) 104

Korkushko, O.V., Frolkis, M.V. and Shatilo, V.B.
Reaction of pituitary-adrenal and autonomic nervous systems to stress in trained and untrained elderly people (54) 27
Kruse, M.N., Bray, L.A. and De Groat, W.C.
Influence of spinal cord injury on the morphology of bladder afferent and efferent neurons (54) 215
Kumashiro, M., see Inoue, K. (54) 225
Kuno, M., see Inoue, K. (54) 225
Kuramoto, H. and Kuwano, R.
Location of sensory nerve cells that provide calbindin-containing laminar nerve endings in myenteric ganglia of the rat esophagus (54) 126
Kurpad, A., Khan, K., Macdonald, I. and Elia, M.
Haemodynamic responses in muscle and adipose tissue and whole body metabolic responses during norepinephrine infusions in man (54) 163
Kuwahara, T., see Itoh, H. (54) 155
Kuwano, R., see Kuramoto, H. (54) 126

Lahiri, S., see Grimes, P.A. (54) 80

Macdonald, I., see Kurpad, A. (54) 163
Mano, T., see Iwase, S. (54) 206
Marley, P.D., McLeod, J., Anderson, C. and Thomson, K.A.
Nerves containing nitric oxide synthase and their possible function in the control of catecholamine secretion in the bovine adrenal medulla (54) 184
Matsukawa, T., see Iwase, S. (54) 206
Matsumoto, S. and Shimizu, T.
The response of rapidly adapting pulmonary stretch receptors elicited by sodium cyanide is augmented by vagotomy in the rabbit (54) 71
Matsuo, M., see Iwase, S. (54) 206
McCarthy, P.W., see Sann, H. (54) 195
McLeod, J., see Marley, P.D. (54) 184
Miller, A.D., Nonaka, S., Siniaia, M.S. and Jakuš, J.
Multifunctional ventral respiratory group: bulbospinal expiratory neurons play a role in pudendal discharge during vomiting (54) 253
Miyake, S., see Inoue, K. (54) 225
Mokashi, A., see Grimes, P.A. (54) 80
Morita, H., Chen, Q.-h. and Hosomi, H.
Role of hepatic nerves in long-term control of NaCl homeostasis in Wistar-Kyoto rats (54) 9
Mrowka, R., see Stauss, H.M. (54) 145

Nafz, B., see Stauss, H.M. (54) 145
Nakagawa, M., see Itoh, H. (54) 155
Nakajima, Y., see Takayama, S. (54) 171
Nakamura, K., see Itoh, H. (54) 155
Nakata, T., see Itoh, H. (54) 155
Niijima, A., Hori, T., Katafuchi, T. and Ichijo, T.
The effect of interleukin-1β on the efferent activity of the vagus nerve to the thymus (54) 137
Nijmeijer, A., see Roossien, A. (54) 1
Nonaka, S., see Miller, A.D. (54) 253
Nordgren, S., see Buntzen, S. (54) 33

Ogata, H., see Inoue, K. (54) 225
Ootsuka, Y., Xu, T. and Terui, N.
The spinally mediated 10-Hz rhythm in the sympathetic nerve activity of cats (54) 89

Pacak, K., see Wolfovitz, E. (54) 104
Patzak, A., see Stauss, H.M. (54) 145
Persson, P.B., see Stauss, H.M. (54) 145
Pierau, F.-K., see Sann, H. (54) 195
Poethke, R., see Sann, H. (54) 195
Polosa, C., see Stein, R. (54) 49
Prud'homme, M.-J., see Houdeau, E. (54) 113

Roossien, A., Brunsting, J.R., Nijmeijer, A., Schuil, H.A. and Zijlstra, W.G.
Mechanism of the decline in vagal cardiac acceleration in dogs in neuroleptanaesthesia (54) 1
Rousseau, A., see Houdeau, E. (54) 113
Rousseau, J.-P., see Houdeau, E. (54) 113

Safar, M., see Dong, W.-X. (54) 41
Sakamoto, T., see Takayama, S. (54) 171
Sann, H., McCarthy, P.W., Schemann, M., Jurzak, M., Poethke, R. and Pierau, F.-K.
Choline acetyltransferase-immunoreactive neurones in a prevertebral sympathetic ganglion, the inferior mesenteric ganglion (54) 195
Sasaki, S., see Itoh, H. (54) 155
Sato, K., Chatani, F. and Sato, S.
Circadian and short-term variabilities in blood pressure and heart rate measured by telemetry in rabbits and rats (54) 235
Sato, S., see Sato, K. (54) 235
Schemann, M., see Sann, H. (54) 195
Schneider, J., see Dong, W.-X. (54) 41
Schuil, H.A., see Roossien, A. (54) 1
Shatilo, V.B., see Korkushko, O.V. (54) 27
Shimizu, T., see Matsumoto, S. (54) 71
Siniaia, M.S., see Miller, A.D. (54) 253
Soinila, S., see Keränen, U. (54) 177
Stauss, H.M., Mrowka, R., Nafz, B., Patzak, A., Unger, T. and Persson, P.B.
Does low frequency power of arterial blood pressure reflect sympathetic tone? (54) 145
Stein, R., Bachoo, M. and Polosa, C.
Pirenzepine-sensitive component of forelimb vascular resistance and heart rate in cats (54) 49
Stone, R.A., see Grimes, P.A. (54) 80
Sugiyama, Y., see Iwase, S. (54) 206

Takayama, S., Nakajima, Y., Toma, S. and Sakamoto, T.
Increased muscle sympathetic nerve activity after glucagon administration in man (54) 171
Takeda, K., see Itoh, H. (54) 155
Takenaka, K., see Itoh, H. (54) 155
Tanabe, K., see Iwase, S. (54) 206
Tanaka, A., see Iwase, S. (54) 206

Tanaka, M., see Itoh, H. (54) 155
Terui, N., see Ootsuka, Y. (54) 89
Thomson, K.A., see Marley, P.D. (54) 184
Toma, S., see Takayama, S. (54) 171

Uchida, A., see Itoh, H. (54) 155
Unger, T., see Stauss, H.M. (54) 145

Vanhatalo, S., see Keränen, U. (54) 177

Wolfovitz, E., Pacak, K., Abassi, Z., Kopin, I.J. and Goldstein, D.S.
Effects of hypercortisolemia or hyperinsulinemia on neurochemical indices of catecholamine release and synthesis in conscious rats (54) 104

Xu, T., see Ootsuka, Y. (54) 89

Zijlstra, W.G., see Roossien, A. (54) 1
